
Technical Bulletin

Zoom Lens Hardware kit multipack availability

This bulletin is to announce the availability of multipacks for the Zoom Lens Hardware and Motor Control Bottom Enclosure kits.

The multipacks are available to upgrade the mechanical components of the zoom assembly on multiple screens at the same site. If upgrading the projector models listed below, the Motor Control Bottom Enclosure Multipack kit must also be ordered as the current enclosure does not work with the Zoom Motor kits:

- CP2220 with motorized lens mount
- CP2230 with motorized lens mount
- CP4220
- CP4230
- E3LH
- CP42LH

For information on installing the Zoom Lens Hardware kit, see the *Zoom Lens Motor Kit Installation Instruction Sheet (P/N: 020-103870-XX)*.

Affected products

The Zoom Lens Motor kit is applicable for products that do not have an integrated zoom and focus on the lens.

- All Christie Series 2 Cinema projectors with 1.2" 2K DMD or 1.3" 4K DMD
- All Christie CineLife™ Series 3 Cinema projectors with 1.2" 2K DMD or 1.3" 4K DMD
- All Christie CineLife+™ Series 4 Cinema projectors with 1.2" 2K DMD or 1.3" 4K DMD
- E3LH+TPLS

Available components

The following multipacks are available for the Zoom Lens Hardware and the Motor Control Bottom Enclosure kits.

- Zoom Lens Hardware Multipack kit—Eight pieces (P/N: 003-007516-XX)
- Motor Control Bottom Enclosure kit—Eight pieces (P/N: 003-007552-XX)
